

PUBLICATIONS TAKEN TO IMPERIAL COLLEGE TRANSPORT LIBRARY

26.6.85

1. A History of British Motorways by George Charlesworth.
2. Danger on the Road: the Needless Scourge by Stephen Plowden and Mayer Hillman of PSI
3. The Structural Mechanics of Pavements containing High Modulus, Crack-susceptible Jointed Layers by Judith A.Shaw and Dr.A.F.Stock of the University of Dundee. Report 1.
4. Oxford Expedition to Nepal 1934.
5. Car Parking Standards in Development Control by I.C.Hilton
6. Heavier Lorries, Transport Costs and Choice of Mode by G.Tweddle and A.E.Whiting of University of Leeds.
7. The Woodhead Study (Reading University and others).
8. Learning from Abroad. Free Enterprise Urban Transportation by Gabriel Roth and George G.Wynne.

Feb. 86

1. The Specific Effect of Specific Road Grants in South Australia by David Starkie.
2. University of Dundee. The Structural Mechanics of Pavements Containing High Modulus Crack-susceptible Jointed layers by Judith A.Shaw and Dr. A.F.Stock. Report 1.
3. Get Rid of Those Parkers If You Really Care About Your Parking by Dr. Ian Hilton.
4. UCL report on visit by Dr.M.Tracz.
5. University of Nottingham. The feasibility of short term classified traffic surveys using portable microprocessor equipment.
6. UWIST. Low flow rural roads - Preliminary report.
7. UWIST. The behavioural effect of low-flow roads by Jean Walters.
8. UWIST The minor road problem - A review by J.P.Ryder.
9. Oxford TSU papers arising from the analysis of London Panel data.
10. The accessible city. A report by TEST for CILT.
11. Traffic Engineering and Control July/August 1985 containing Mr. Christie's report on problems of road layout arising from the use of long vehicles.
12. Car parking facilities and office letting: the Richard Ellis Tenant Survey, Manchester, 1983, by Dr.I.C.Hilton.
13. Transport coordination and community organisations: the American Experience by A.J.Warrington.
14. The King's Highway by W.Rees Jeffreys.
15. PIARC report of the 17th World Road Congress.

Feb. 87

1. Ways of the world by M.G.Lay (Typed copy)
2. PIARC. Roads. No.260 111-1986.
3. Dial-a-Ride for people with disabilities in London by Stephen Potter and Brian Heiser.
4. SCAR. Inner city highway design: the local impact of Sheepscar Intersection by P.Toms.
5. Road Safety: What next? PSI Conference Oct. 85 (2).
6. London Centre for Transport Planning seminar papers
 - (a) Traffic restraint
 - (b) Towards a rational approach to freight distribution in London
 - (c) Assessing the impact of superstores in London
7. Traffic Engineering and Control July/August and Dec. 1986.
8. 'Driving Passion' by Dr.Peter Marsh and Dr. Peter Collett, published by Jonathan Cape.

May
March, 1987.

1. Journal of Transport Economics and Policy, May. 1976 and January to September 1984, 1985 and 1986. (May, 1986, is Ponsonby edition).
2. Newcastle TORG. Methods of identifying accident black spots by D.T.Silcock and A.W.Smyth.
3. Seat Belts in Britain. An interim report by Dr. Peter Marsh and Dr. Peter Collett.
4. The relationship between area characteristics and road accidents of the main road network. MSc progress report by A.D.Watt of Heriot Watt University.
5. A review of the role of rest and refreshment breaks in reducing driving fatigue and accident risk by Jeanne Breen of PACTS. First report.
6. Handbook of Road Safety Research by Dr.G.Grime, published by Butterworths.

February, 1988.

1. The Country Bus by John Hibbs, published by David and Charles.
2. A History of the Transport and Road Research Laboratory 1933-1983 by George Charlesworth, published by Gower.
3. Handbook of Road Technology volumes 1 and 2, By M.G.Lay, published by Gordon and Breach
4. Urban Transportation - The New Town Solution by Harry Dupree, published by Gower.
5. A History of the County Surveyors Society by Allen Smith , published by the Society at Shrewsbury.
6. Development of a Low Cost Portable Vehicle Classification System by D.W. Lear at the University of Nottingham.
7. The London Assessment Studies - edited seminar proceedings by the London Centre for Transport Planning.
8. Driver Stress - Literature Review - first part of a study at the Oxford University Transport Studies Unit by S.A.Robertson.
9. The Association of Traffic Offences with Road Accidents in the Northumbria Police Area, Research Report No. 71 by E.Forsyth and D.T.Silcock at the University of Newcastle upon Tyne Transport Operations Research Group.
10. Traffic Law Enforcement in the Northumbria Police Area, Research Report No. 72 by the above.
11. Sediment Movement in Combined Sewerage and Storm-Water Drainage Systems by CIRIA - Phase 1.
12. Piarc papers from 18th World Road Congress, also Concrete Roads and Roads of Morocco, the Netherlands and France and Belgium by PIARC.

February, 1989

1. Journal of Transport Economics and Policy, Jan., May, Sep., 1987 and Jan 1988.
2. Piarc 18th World Road Congress, Brussels 1987.
3. Safe Routes to School Workbook
4. Children - The Shortest Journey, by Douglas Stewart.
5. Quality Streets, by TEST.
6. Stress related to driving: an exploratory study by Sandy Robertson of the Oxford University Transport Studies Unit.
7. Reducing Traffic Injury - A global challenge by Royal Australasian College of Surgeons.
8. Drivers' perceptions of levels of service, by Miss E.J.Fulton.
8. Analysis of trends in local transport expenditure by Ian Sanderson of the Leeds ITS.
9. Making better use of vehicle detector data - various reports from the University of Durham.
10. An examination of relationships between road accidents and traffic flow, by D.R.D.McGuigan.
11. PIARC 'Routes' nos. 264, 265 and 266.
12. Crash protection and behavioural aspects of single-vehicle accidents - a symposium at the University of Birmingham.

February, 1990.

1. Journal of Transport Economics and Policy Vol.XXX no.2 - Essays in honour of Gilbert Ponsonby. 3copies.
- 2 The Impact of Central Government Policies on Local Authorities' Transport Expenditure and Provision Since 1979, summary Report by Ian Sanderson of the Institute for Transport Studies, University of Leeds.
3. Three issues of Traffic Engineering and Control containing papers by Dr. Hilton on Parking Access Time: the pertinent information for users of public parking facilities, Holding Place Technique and the Removal of Car Park Queues and Advance Booking for Parking: essential provision to serve town centre access by car.
4. Ways to Safer Cycling, proceedings of a conference organised by the DTp on 10th April, 1985.
5. Publication by PIARC 'Routes', issues 267 and 269
6. Student Loans: the Next Steps by Nicholas Barr.
7. Traffic Collisions in an urban area of Great Britian, published by the AA Foundation for Road Safety Research.
8. Congestion, published by the Institution of Civil Engineers.

February, 1992.

1. Speed, Accidents and Injury - PACTS conference.
2. Road Safety; What Next? - PSI conference.
3. Crash Protection and Behavioural Aspects of Single Vehicle Accidents - Birmingham symposium.
4. Atmospheric Emissions from the Use of Transport in the United Kingdom by Earth Resources Research - Vol. 1.
5. PACTS 1st Westminster Lecture - European Co-operation for the 90s.
6. Wind Induced Accidents of Road Vehicles by C.J.Baker and S.Reynolds of Nottingham University.
7. PTRC 1987 Annual Meeting - Developing Countries; Urban Transport.
8. London's Transport; The Way Ahead by the Chartered Institute of Transport.
9. Buses in Towns , sponsored by Local Transport To-day.
10. Paying for Progress - A report on congestion and road use charges by the Chartered Institute of Transport.
11. Scottish Roads Authorities - Guidelines on Traffic Impact Analysis.
12. Women Non-drivers in Car Owning Households by Caralampo Focas.
13. A Study of Pedestrian Movement; The Impact of Traffic Speed and Flow on Pedestrian Crossing Behaviour and Their Perceptions of the Street - Progress report by Julian Hine, Heriot-Watt University.
14. Cycle Safety- A comparison Between German and British Towns by Carmen Hass-Klau.
15. Controlling Area-wide Traffic Congestion by C.R.Abbess and C.C.Wright of Middlesex Polytechnic and K.W.Huddart, Consultant.
16. Findings of the 1990 Delphi Study of Trends in Freight Transport and Distribution - Huddersfield Polytechnic.
17. Dynamic Framework for Modelling Driver Behaviour at Traffic Signals - Note by Sandy Robertson to accompany report to TRRL.

12th May, 1993.

1. A collection of PACTS briefings.
2. PIARC report on the 1991 Marrakesh conference.
3. PIARC 'Routes' nos. 271-278 and Specials 1990 and 1991.
4. 'Less Traffic, Better Towns - Friends of the Earth.
5. INTRA report on Environmental Assessment in Transport.
6. 'Have Car Will Travel' Report by TEST for Manchester City and PTE.
7. Clifton Traffic and Parking Study.
8. 'Civilised Streets - a guide to traffic calming - Carmen Hass-Klau.
9. 'Qualitative Analysis of Driver behaviour at Traffic signals' by Sandy Robertson at UCL,
10. Fieldwork for above.
11. 'The Government of London' by Tony Travers and others at LSE.
12. 'Problems of road Layout Arising From The Use Of Long Vehicles' by A.W.Christie.

REPORTS TAKEN TO IMPERIAL COLLEGE IN DECEMBER, 1994.

1. Set of 'Transport and Society' working papers.
2. 'Tolls and shadow tolls' by Stephen Glaister and Tony Travers for the A.A.
3. Institute of Environmental Assessment 'Guidelines for environmental assessment of road traffic'.
4. 'Risk and safety on the roads: perceptions and attitudes' - AA Foundation.
5. Institution of Civil Engineers - (a) 'Public transport- what's in it for me?' (b) 'Tomorrow's towns - an urban environment initiative'.
6. 'Children, transport and the quality of life' edited by Mayer Hillman, Policy Studies Institute.
7. Executive summary of 'Traffic barriers: the impact of traffic on pedestrian behaviour' by Julian Hine, Heriot-Watt University.
8. 'A review of transportation research and education - SERC.
9. 'A survey of risk perceptions of cyclists and other road users' by Dr.Joshi of Oxford Brookes University.
10. 'Cycle policies in Britain: the 1993 CTC survey'.
- 11 Copies of 'Routes' - PIARC.
12. 'Methods for calculating earthwork quantities' by David James at the ULCTS.
13. 'Amenities for travellers' by G.Tweddle and C.A.Nash, Leeds University.
14. 'Transport policy making in Britain with special reference to roads' by June Burnham, Stephen Glaister and Tony Travers at the LSE.
15. Executive summary of 'Accidents on rural roads. A study in Cambridgeshire'- AA Foundation.
16. 'Bikes not fumes' - CTC.
17. 'Pedestrian activity and accident risk' - AA Foundation.
18. 'Modelling locational change in the logistics function: a case study of Port Wakefield' by Erok Thomasson, of Huddersfield University.
- 19 Papers from 17th and 19th PIARC conferences.

List of Books Taken to Imperial 17th March 2005

Box 1

Society & Lifestyles - 2 copies No. 1 in a series of 8 Reports from the Transport Visions Network.

Transportation Requirements - No 2 in the series as above.

Land Use Planning - No 3 in the series as above.

Vehicles and Infrastructure - No 4 in the series as above.

Local Travel - No 5 in the series as above.

Long Distance Travel - 4 copies No 6 in the series as above.

Freight and Logistics - No 7 in the series as above.

Economy, Finance and Equity - No 8 in the series as above.

From Carmen Hass-Klau:

Streets as Living Space - Helping public places play their proper role.

Bus or Light Rail: Making the Right Choice - 3 copies.

Economic Impact of Light Rail - The Results of 15 Urban Areas in France, Germany and North America.

Future of Urban Transport - Learning from Success and Weakness: Light Rail.

Box 2

From TRL

The demand for public transport: a practical guide -2 copies.

Annual Research Review 2002.

Annual Research Review 2003.

Road Safety - Willing the End and Willing the Means.

From the Department of Transport

Cycle-Friendly Infrastructure - Guidelines for Planning and Design.

From Cyclists Touring Club

More Bikes - Policy into Best Practice.

From Cycle West

Cycle-Friendly Employers' Guide.

From Rail Safety & Standards Board

Annual Safety Performance Report Summary 2002/3.

From Railway Group

Safety Plan 2003/4.

From DETR

PPG13 A guide to Better Practice.

A New Deal for Transport - Better for Everyone - 2 copies.

Transport - The Way Forward - The Government's Response the Transport Database.

Future Integrated Transport Programme - Progress and Results.

Strategy and Analysis Research Programme - Summary of Planned Research 2004/5.

Box 3

From Transport 2000

Wise Moves Modelling Report.

Wise Moves - Exploring the relationship between food, transport and CO2 - 2 copies.

From IHT

Guideline on Developing Urban Transport Strategies.

Guidelines for Planning for Public Transport Developments.

Guidelines for the Environmental Management of Highways.

From Slower Speeds Initiative.

Killing Speed - A Good Practice Guide to Speed Management.

From University of Bristol Advanced Transport Group

Technology for Advanced Urban Light Transport.

From University of Newcastle, Centre for Research on European Urban Environments, and Transport Operations Research Group and Alan Wenban-Smith

Transport Planning and Metropolitan Governance: Institutional Issues in Implementing a new Agenda for Transport.

From RAC Foundation

Motoring towards 2050 Summary - 2 copies.

From Centre for Transport Studies, Imperial College

Child pedestrian casualties in England: the effect of area deprivation.

From Colin Buchanan and Partners

The role of the car in an integrated transport policy.

More or Less Traffic in Towns? - 2 copies.

From London Research Centre

The Four World Cities Transport Study.

From Environmental Change Unit, University of Oxford

Travel Emission Profiles.

Box 4

Technological Innovation and its Social Control: an Analytical Framework and its Application to Clean Vehicle Propulsion by Oliver Marcus Ehret. PhD 2004

Analysis of the Effects of Ownership Change on the British Bus Industry since 1988 by C. C. Roberts PhD 2003.

Biomonitoring Methods to Assess the Impact of Metals Associated with Ambient Particles on Mosses at Roadsides by A. H. Tremper PhD 2004.

Box 5

From the AA Motoring Trust and Centre for Transport Studies, University College, London

Night-time accidents - A Scoping Study.

Night-time Accidents - A Scoping Study - Executive Summary - 2 copies.

From the AA Motoring Trust and FIA Foundation

The Automobile and Society - 2 copies.

From AA Foundation for Road Safety Research

Accidents on Rural Roads

What Limits Speed? Factors that affect how fast we drive.

From AA and the Greater London Group at the London School of Economics

Tolls and Shadow Tolls - 2 copies.

Who Spends What on Motoring in the UK?

From AA and Imperial College

The Effect of Fuel Prices on Motorists.

From the AA Foundation for Road Safety Research and the Transport Studies Group, University of Westminster

The Family and the School Run: What would make a real difference?

From AA Foundation for Road Safety Research

Pedestrian Activity and Accident Risk - Executive Summary.

When and Why Older Drivers give up Driving - Summary Report.

From the AA

The 10 Year Transport Plan will we ever get there?

Where you live and what you get...

From the RAC Foundation for Motoring and the Environment

Car Dependence.

Box 6

For the British Road Federation

Old Roads to Green Roads - Improving the Environmental Performance of the Existing Road Network - Final Report.

Old Roads to Green roads - Finished Version.

From Centre for Transport Studies, University College, London

Verkehrswesen - English-German, German-English technical dictionary.

By Stephen Glaister, June Burnham, Handley Stevens & Tony Travis

Transport Policy in Britain.

By Valerie Belsey

The Green Lanes of England.

Edited by Sir Peter Baldwin and Robert Baldwin

The Motorway Achievement - The British Motorway System: Visualisation, Policy and Administration.

Edited by Professor Ron Bridle and John Porter

The Motorway Achievement - Frontiers of Knowledge and Practice.

Edited by Geoffrey Collens and Wendy Powell

Sylvia Crowe - 2 copies.

By Stephen Plowden and Mayer Hillman

Speed Control and Transport Policy.

By Allen Smith

A History of the County Surveyors' Society 1885-1985

By Harry Dupree

Urban Transportation - The New Town Solution.

By Geoffrey Grime

Handbook of Road Safety Research.

Box 7

From Transport Studies Group, University of Westminster

Warehousing and Road-Rail Terminal Provision in Britain: A Review.

Static Facilities for Freight Transport - Draft Copy.

Public Attitudes to Transport Policy and the Environment - An In-Depth
Exploratory Study.

Parking Perspectives.

By Bill Billington and Hugh Wenban-Smith

Transport Skills for the New Millennium.

From Transport Studies Unit, University of Oxford

Transport: The New Realism.

From the Institute for Transport Studies, University of Leeds

Enhancing the Road Travel Experience - Survey of Road Users' Attitudes - 2
copies.

Enhancing the Road Travel Experience - Report on Phase 1.

From the Independent Transport Commission

The Land Use Effects of 'The 10 Year Plan'.

Tomorrow's Transport.

From the Department of Civil Engineering, Imperial College, London

Transport Pricing and Investment in England.

From Centre for Urban Technology

'Holes in the Road' - Roads and Utilities in the 1990s.

From Department of Transport and Logistics, University of Huddersfield

Urban Freight Facilities: A European Comparative Study of the Potential for Urban Freight Trans-shipment Facilities.

From ESRC Transport Studies, University of Oxford

Change through Interchange: Making Complex Journeys Easier.

From the Greater London Group at the London School of Economics and Political Science

Transport Policy Making in Britain with Special to Roads.

From PACTS.

11th Westminster Lecture on Transport Safety.

13th Westminster Lecture on Transport Safety.

Conference Proceedings - Driver Training and Testing: the Final Frontier? 2 copies..

Conference Proceedings - The Price of a Life.

Road Traffic Law and Enforcement - a driving force for casualty reduction.

Best Value, Local Transport Plans and Road Safety.
